

Astrology / Most feminine-most masculine

Feminine=
Cardinal and water
Feminine changes, adapts, has cycles

Masculine=
Fixed and air
Masculine takes time or great force to be truly changed, it does not create life within its own shelter, it's not on any cycle, it just is and when it changes then it suddenly just is a whole new thing

Then second most

Feminine=
Earth

Masculine =
Fire

Mutable in the middle half and half

Aquarius is most masculine
Cancer is most feminine
Gemini leans masculine
Libra is half and half
Taurus is half and half
Capricorn is feminine
Scorpio is half and half
Aries is half and half
Leo is masculine
Virgo leans feminine
Pisces leans feminine
Sagittarius leans masculine

It's also just reflected in the people I have known. Except Capricorn seems more masculine to me and Leo more feminine.
