

Longer Thinking/ Conspiracies/ Babble / Why is it that

I have frequently discovered that the worse a man's financial situation is and the more "trouble" he's been involved in, the better he is in bed!!!!!! LMFAO. Like what is it about rich clean men that makes them off-putting, terrible in bed, and just snobby hard to stand dickwads. Don't get me wrong I'm only taking about bed stuff. Not the other romantics and practicalities of traditional male female dating in this modern day and age. Ugh typing is exhausting rn, I got enough of my point across. Oh wait totally I was pondering that why:

- ☐ Does good sex actually decrease a man's ability to be successful in life? Meanwhile increasing a woman's success. They just don't want you to know the last part (christians patriarchy etc honestly) lol this is just a random theory!!
- ☐ Is it because men who can't offer other things try harder in bed!!??
- ☐ Is it arrogance, laziness, lack of motivation or lack of exposure for the rich spoiled preppy sheltered ones??
- ☐ Is it just me? Am I just really attracted to the good bad boy and bad good boy archetype like the dark knights and jokers of the world. The "is he bad or good? The outcast, the discriminated against, the overworked or underpaid, the forgotten, the used and cursed? Maybe!! Maybe I just love that because it reminds me of parts of my upbringing.
- ☐ Anyway opening a can of worms.
- ☐ I like a "bad bad boy" honestly I mean fire is both sexuality and rage.... Ooopsy!! Why did you make those the "same"???? Thinking about it even is making me a bit horny.
